

## FundEdAssistant

### Project Review Package – £220

FundEd is a time-saving toolkit for schools, featuring a sector leading grants database, termly magazine and a comprehensive range of proven income-generation solutions. Chameleon, an award-winning consulting business, specialises in income generation, bid writing and marketing.

FundEdAssistant works with schools that need additional help and the **Project Review Package** in partnership with Chameleon helps schools deliver specific fundraising projects.

#### **This package includes:**

- Expert appraisal and review of your fundraising project
- Support and guidance with your fundraising strategy

#### **How it works:**

We will ask you to complete a fundraising review form, where you outline the main project you wish to raise funds for, summarise your fundraising efforts to date and highlight any other areas you would like to develop.

This information will form the basis of a project review report, which will:

- Provide an overview of funding options available to your school, based on your location, size, demographic and whether you are a primary or secondary institution
- Provide an indication of how much a school of a particular size in your area can potentially raise each year
- Recommend a mix of fundraising strategies, depending on the aims of your project, the options available to your school and your fundraising activities so far
- Offer help and guidance with identifying and applying for any eligible national and local grants
- Provide information on expected timescales of any funding applications, as well as on the potential financial contributions that may be required from your school (for instance match-funding)

#### **Additional benefits:**

- If you require help with more than one project, we will focus on the main goal but also review other fundraising objectives
- Where crowdfunding is recommended, we can help you set up with our trusted partner
- Bid writing – we can provide support, or write your bid for you at a discounted fee
- Grant application review – we can review your bid before you submit it
- The FundEd standard subscription including access to a sector leading grants database, funding alerts, termly copies of FundEd Magazine and additional support via a team of experts.
- You will also receive all the benefits of the standard FundEd subscription.

*"We have found FundEd to be a hugely useful resource. The support provided by the FundEd team is invaluable and nothing is too much trouble."* **Gail Wickens, Marketing & Community Co-ordinator, Downlands Community School**
